

2011-12
MONTHLY
FINANCIAL REPORT

AS OF
December 31, 2011

Prepared by: Finance

January 23, 2012

Cottonwood Heights

The Honorable Mayor and Members of the City Council:

The monthly financial report for the month ending December 31, 2011 is presented for your review and comment.

General Fund – Revenue

Real Property Taxes – 2011 annual collections have concluded. We received \$6,272,957 of the 2011 annual property taxes to date. We expect additional distribution with the annual reconciliation at the end of March.

Sales Tax Collections – Collections for the city occur two months behind the merchant's collection and are distributed the second month following collection. This month's sales tax distribution was very good. We are currently at 97 percent of prior year collections year to date and slightly ahead of budget.

E911 Emergency Fees – The City continues to receive a part of the E911 revenues generated on telephones within the City boundaries. There seems to be a slight problem with collections currently and the State Tax Commission has been notified. This revenue is directly passed along to the Valley Emergency Communication Center.

Fee-In-Lieu of Property Taxes – Annual collections have now concluded for 2011, future collection in 2012 will be deferred to FY 2013. There may be additional revenues when 2011 taxes are reconciled at the end of March. Revenues appear to be only 92 percent of budgeted.

Franchise Taxes (Cable TV) – This revenue source reports and pays on a quarterly basis and is on target.

Transient Room Tax Collections – This tax collection is reported by entities on the same schedule as general sales tax reporting and our highest collect period is during the winter ski season.

Licenses and Permits – Business Licensing' activity is on target. Building permits have started this year on target. Road Cuts revenues are billed monthly along with over the counter payments. Animal licensing collections are entering their fourth year.

Intergovernmental Revenues – Many federal grants (CDBG) are reimbursed to the City as expenses are submitted for funding as are many other grants. Class C road funds are paid bi-monthly. The year to date funding is less than expected, but a correction is being

made by the State. Liquor Funds have been distributed and were down from the prior year and budgeted.

Charges for Service – Zoning revenues received a significant amount of budget for the year this month.

Fines and Forfeitures – Revenues from tickets processed through Holladay Justice court are reconciled quarterly. It appears that we are exceeding expected revenues for the first quarter and we are now awaiting the 2nd quarter reconciliation.

Miscellaneous/Interest – Total earnings in all funds in the PTIF for the fiscal year are \$22,969 and will be mostly credited to Capital Projects Fund balance as posted. Other miscellaneous revenue includes one-time grants. Police revenue includes the sale of evidence.

General Fund – Expenditures

General Government – All department expenditures are within budgeted amounts. Some departments have large annual expenditures during the first part of the fiscal year. The Attorney also has significant additional expenditures over budget due to pending litigation.

Public Safety - The Public Safety department includes police, fire and ordinance enforcement. The police department is on budget year to date. The fire department is billed quarterly and reflects payments for services through December 31st. Ordinance Enforcement is within budget.

Highways & Public Improvements – Public Works expenditures are within budget. Impact Fee Programs include both Storm Water and Transportation fee projects. The Class C Road program budget is primarily for street maintenance and the Salt Lake County Public Works contract for non-capital street work.

Community and Economic Development - All department expenditures are within budget.

Debt Service - The City has a capital lease for leased public safety vehicles. Interest on this debt will be accrued in the fiscal year in which it was earned.

General Fund - Other Financing Sources and Uses

Unrestricted General Fund Balance – This budgeted appropriation of fund balance has been amended to \$733,738 from fiscal year 2011.

Restricted Class C Roads Beg Balance – Class C Road funds' carried forward from the prior year is \$78,355.

Impact Fees - Impact fee collections are collected with building permits. This includes both storm water and transportation impact fees.

Transfers - Transfers to the Capital Projects fund are budgeted and primarily expended at year-end when available funds are known. The budgeted transfer to Capital Projects has

been budgeted at \$752,392. Addition transfers have been budgeted from Class C Road fund balance of \$78,355.

General Fund – Fund Balance

Unrestricted Assigned General Fund Balance - The beginning balance Unrestricted Assigned General Fund for fiscal year 2012 has been calculated at \$857,894. This is the 6.0 percent reserve that is suggested by state statute and city ordinance. The unrestricted unassigned general fund balance (net of beginning balance appropriated) is \$1,377,507. The prior year impact fee revenues were completely spent on designated projects.

Capital Projects – Revenue

Revenue - Interest calculations are based on the PTIF earnings rate at the State of Utah Treasurer’s Pool account for the City.

Capital Projects - Expenditures

General Government –The amended budget includes \$6,656,661 for projects and engineering. Various projects are itemized as line items in this report.

Capital Projects – Other Financing Sources / Uses

Transfers from General Fund – The budgeted transfer of \$752,392 from the General Fund will be made when project expenditures are made and when available funds are known. An additional transfer of Class C Road funds has been budgeted at \$78,355.

Unrestricted Assigned CIP Beginning Balance – The current budget amount of \$5,775,914 represents the prior year ending fund balance. All prior budgeted capital projects that were uncompleted at the end of the fiscal year 2011 have been reviewed and re-appropriated through budget amendments in 2012.

Employee Benefits Fund – an Internal Service Fund

The purpose of this fund is to pay as you go with regards to employee’s accrued benefits. This report shows the total balance in the PTO liability account and any uses during the reporting period. The year-end calculated amount of the potential future liability for lump sum payouts has been funded. By doing so the City should never find itself with an unexpected or unfunded employee benefit liability. This was funded \$59,112 in FY 2011 based on actual accrued employee PTO (Personal Time

Off) and is budgeted to receive an additional \$104,371 funding at year-end. Current funded liability balance is \$231,239

Community Events & Activity Summary

This report is a compilation of various activities that are tracked to collect data by project or activity. The amounts shown are as of the date of the report.

Sincerely,

A handwritten signature in black ink that reads "Steve Fawcett". The signature is written in a cursive style with a long horizontal stroke at the end.
